

cannot express my thanks,

It is hoped that the publication of this book will provide a stimulus to its readers so that, as a result, sufficient information will be supplied to warrant the publication of a supplemental volume in the future. Undoubtedly, some of the lines can be enlarged with information already available to members of the family,

It is our belief that most of the families in Section V belong to one of the families of Books I, II, III, or IV, and someday will be traced back to Richard Nance, American emigrant before 1639, so the American generation number is used to identify the ancestral head.
